

## ACE 220

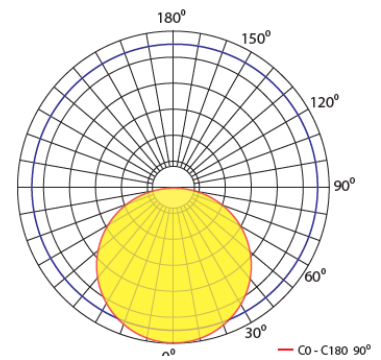

LITENET presents Agent II, this is a slim lined outdoor wall light for surface mounted lighting applications. To maximise heat dissipation the ACE220 is constructed with premium grade Aluminium. The diffuser is micro prismatic clear toughened glass. This slim lined outdoor wall light is powder coated in mat Graphite finish to protect the fitting against the elements.

The Ace 220 is an architectural fitting which is designed for the Outdoor weather conditions with minimal trim.

Non-dimmable 220 -240 Ac chip with 30,000-hour 3-year warranty

Available in Graphite

	Direct only
Power	12W
Luminous flux	720lm
CCT	3000K
Input Voltage	AC 220-240V
Beam angles	90°
CRI	80
Part No.	Ace220 18D-183-CG-82
Dimensions	220x30x70 mm
