

RONAN 10

Litenet presents the RONAN range of recessed mounted down lights which offers a range of lighting application that are designed for comfort and mood lighting applications. The RONAN collection offers a range of fixed down lights that has a wide beam angle light distribution. This fitting is a low profile down light and available in satin white or matte black powder coat finish. This range of down lights offer a wide range of low profile wide beam angle low glare luminaires. Different reflectors are used to accommodate mood lighting. The standard range comes with SMD technology CRI80, upon request CRI90 can also be made available.

The RONAN range is designed with a generous heat sink using die cast high grade aluminum to maximise heat dissipation which will in turn maximise the life of the LED chip. This range of down lights have deep conical housing to minimise uncomfortable glare.

- Non-dimmable ECG standard,
- Phase Dim/DALI is optional.
- 50,000-hour L70 5-year warranty

Optional reflectors

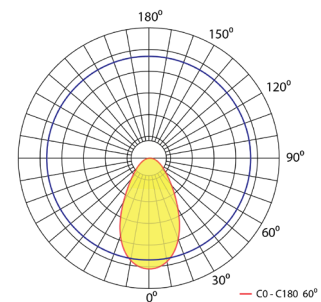

- White finish Reflector
- Mirror finish Reflector
